

Mains Electric Automatic Peristaltic Dosing Pump

www.greasetrapsales.co.uk

Weight (approx)	1.0kg
Dimensions (mm)	H175 x W115 x D140 logo (max) - H50 x W50
Pump head	disposable mini pump head with silicone tube as standard
Flow rate	5mm silicone 75ml/min (using water)
Enclosure	IP66M water resistant, robust, ABS injection moulded enclosure and plaque
Motor	6V DC, 400mA with 80rpm gearbox
Power	Mains Operated - 230V AC 50/60Hz, 10mA max, 2.5W max
Approvals	EMC 89/336/EEC - EN61000-6-3:2001 EN61000-6-1:2001 LVD 72/23/EEC - EN60335-1
Control circuitry	microprocessor controller with 16x4 alphanumeric LCD display programming via 4 external keypad keys, security access code
Signals	N/A
